Airports, Executive Lounges, Hotels & Premium Interiors

PRESTIGE PROJECT PROFILE

Recent Project: Airport Lounge Installation, Manchester

Supply • Installation • Wave Systems • Ceiling Tracks • Voiles • Blackout Solutions

Airport Lounge Project Profile

A prestige commercial curtain and track installation for a premium lounge environment in Manchester.

PROJECT SUMMARY

Location	Manchester
Sector	Airport Lounge
Package	Supply & Install

THE BRIEF

Create a refined curtain and track solution suitable for a premium airport lounge setting, where finish, alignment and visual impact were central to the final presentation.

PROJECT DEMANDS

- Premium commercial finish
- Accurate ceiling track setting
- Coordination with site conditions
- Dressed finish for public use

THE APEX SOLUTION

Apex Curtains delivered a made-to-measure commercial curtain and track package, combining careful measuring, professional installation and final dressing to achieve a polished lounge-ready result. The project demonstrates our ability to support fit-out teams, designers and commercial clients on high-expectation interior schemes.

Commercial Capability

Specialist curtain, track and soft furnishing support for premium fit-out projects

WHY APEX

A specialist subcontractor for high-footfall interiors.

We support contractors, designers and commercial clients with made-to-measure curtains, track systems and careful installation where finish, access and coordination matter.

✓ Project Readiness

- Site survey and accurate measuring
- Drawing and photo-based estimates
- RAMS available where required
- Coordination with main contractors

✓ Premium Finish

- Wave, pinch and pencil headings
- Neat dressing and final presentation
- Voiles, sheers and blackout layers
- Executive and hospitality quality look

✓ Track Systems

- Ceiling-mounted track installation
- Curved, angled and specialist layouts
- Wave systems and glider spacing
- Commercial-grade installation approach

✓ Commercial Sectors

- Airport lounges and VIP rooms
- Hotels, suites and hospitality spaces
- Offices, boardrooms and meeting rooms
- Clinics, restaurants and private venues

Project Delivery & Next Steps

From enquiry to installation, Apex Curtains supports commercial clients with a dependable, detail-led and fully coordinated approach.

OUR PROCESS

01

Consultation & Review

Initial discussion, drawings review, scope clarification and practical guidance on the most suitable curtain and track approach.

02

Technical Site Assessment

Site measuring, fixing review, access considerations and coordination with the wider fit-out or design team.

03

Specification & Proposal

Clear recommendations covering track systems, headings, fabrics, blackout/voile options and supply-and-install scope.

04

Supply & Installation

Made-to-measure production and professional installation with attention to detail, sequencing and finish.

05

Final Dressing & Handover

Curtain dressing, final checks and a polished handover suitable for premium commercial environments.
